

News -- Airline Ambassadors in Haiti

[Donate to Haiti Earthquake Relief Here](#)

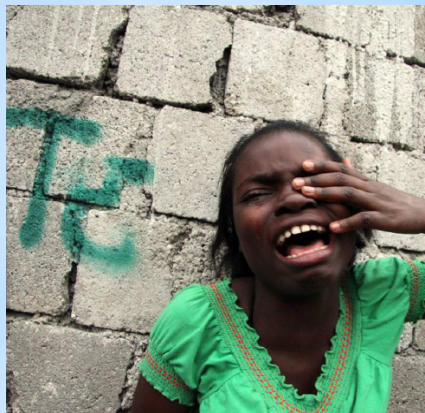

Airline Ambassadors is working with major airlines to transport needed aid to Port au Prince as soon as air traffic control allows. Here is what we have in place.

Humanitarian Aid

160,000 lbs of high priority aid in Denver and Salt Lake City donated by LDS Charities. We seek to position this in Miami or New York, where charity flights on American Airlines, United Airlines, JetBlue, and Spirit will be easier to coordinate. This first shipment of aid consists of :

- Water Bottle filters
- Family food kits (meals ready to eat- MRE's)
- Powdered milk
- Hygiene kits
- Tents for temporary shelter
- Canned food
- 80 lb bags of rice and 80 lb bags of beans
- Emergency medical modules

Haiti, January 2010

LDS Charities has pledged to deliver as much aid as we can ship, but we are waiting to order more until we have secured dates for transport.

DISTRIBUTION LOGISTICS

Our main partner on the ground is US Southern Command who is coordinating the relief effort in Port au Prince. They will provide ground support for distribution and store our aid initially with Food for the Poor and Catholic Relief Service (as they have intact warehouse space.)

FUNDING

AAI has collected \$15,000 so far toward paying for the fuel for one aircraft from JFK/MIA to Port au Prince. We have also raised \$10,000 toward a flight into Haiti from SLC, but need \$10,000 more.

VOLUNTEERS

Interested airline crew should email us name, phone number, airline and ID# and they will be added to our volunteer personnel list to be contacted when an aircraft becomes available.

Thank you for your concern and generosity.
