Denise Roberts, DFW American Airlines Flight Attendant, escorted two girls Kelin and Kelley, both 11-year-old orthopedic patients. They flew from St. Louis to San Pedro Sula, Honduras on June 24.

Denise reports "that all went well (although we were 3 hours late). I rode the First Class jump seat and it was beside the girls, who were so happy to be in First.

Kelin's dad was not in the right place and she started crying and wanted me to come back and get her. But her dad came in less than 5 minutes, and she was fine. He went to the ticket counter instead of the arrival lounge. "

Denise,

Thank you for helping the girls and we are so happy that they are safe with their Dad now!
