Humanitarian Missions Program

A Message of Thanks and Appreciation

AIRLINE AMBASSADORS is sincerely grateful for your continued generous help and participation. With the support of our members and partners, last year we were able to personally improve the lives of 6,450 people in 41 countries.

In 2018 we provided \$685,514 of humanitarian aid and services (Medicine, medical supplies, food, clothing, education and school supplies) on eight missions directly to 3,801 children in need. Our volunteers also provided a loving escort for 101 children for life changing journeys and provided 33 human trafficking awareness classes to 2,328 front line personnel enabling the effective monitoring and reporting of millions of travelers.

Since our founding in 1996 AIRLINE AMBASSADORS is still the only international disaster relief and development organization from the airline industry. We effectively leverage capabilities within our industry to provide transportation, customs, logistical services and direct aid delivery to disaster regions, including orphanages, clinics and remote communities. We have grown to thousands of members that act as a human link connecting world resource to world need.

As a nonprofit organization affiliated with the United Nations, we support the Sustainable Development Goals. With that focus, we have made significant contributions to our world community addressing issues of poverty and hunger, child welfare, education, health, community development and modern day slavery. We have taken the lead on the largest human rights issue of our time, raising awareness in the aviation industry on the issue of human trafficking.

We also positively affected thousands of volunteers with inspiring opportunities to bring compassion into action. Our members deepened their understanding of global inequity, respect for diverse cultures, and appreciation of our common humanity.

For every \$1 dollar donated, we directly delivered \$7.26 directly to thousands of impoverished children. With a bare minimum of donations going to administrative costs, we have been able to achieve more than we had ever expected.

Clearly, we could not accomplish our work without the support of our volunteers, the airlines and local partners including dozens of non-profits, businesses and local governments. This letter of thanks and appreciation goes out to all our benefactors who have generously contributed their resources, time and passion to those who await our help worldwide.

In Shared Dedication,

Nancy Rivard
President and Founder

Our Vision

AIRLINE AMBASSADORS INTERNATIONAL is a member driven organization with thousands of volunteers from the airline industry. Our members are professional travelers and leverage air travel resources and employee benefits to bring compassion into action.

Our Programs

AIRLINE AMBASSADORS INTERNATIONAL makes long-term commitments to projects we support. We connect volunteers and donors to assist children and vulnerable populations.

- In 2018, our volunteers contributed 50,100 hours of volunteer service and spent tens of thousands of dollars in personal income. They directly made a difference in the lives of 6,450 children and families – and saved the lives of victims of human trafficking because of our training and reporting interventions in aviation.

Children's Medical Escort Program

AIRLINE AMBASSADORS contracts with adoption agencies and nonprofits to provide volunteer escorts for children in need of medical care not available in their home countries or for orphans going to their new homes. These airline personnel who use their flight privileges to provide a loving and travel experienced adult companion for disadvantaged children at a fraction of the cost to agencies requiring this service. We also escort children from conflicted countries for the benefit of foster families.

In 2018, we escorted 350 children both to and from 26 countries representing over 35,000 service hours for an in-kind value of \$252,000.

Humanitarian and Disaster Relief Program

AIRLINE AMBASSADORS coordinates missions every month where members hand deliver medical supplies, first aid kits, school supplies, clothing, blankets, and medicine to orphanages, clinics, schools, and remote communities. We provide opportunities for medical professionals, teachers, and travelers of all ages and professions to share their unique skills to benefit local communities.

In Colombia, Jose Redondo led missions to provide school supplies, soccer uniforms, hygiene items to Escuela Santa Maria & Barrio San Francisco near Cartagena, Colombia. Our partner, Sociedad Aeroportuaria de la Costa SA (SACSA) manages the airport of CTG in Cartagena, and connected us to this village where kids are vulnerable to trafficking. We provided human trafficking awareness training to the community in the #1 sex tourism destination in the western hemisphere.

In the Philippines, we provided spring and fall missions led by Jamie Sheth and Cheryl Robinson as well as funding for a new feeding program at the Abatex dumpsite a garden at Sheherd of the Hills Children's Home in Zambales. 100 children have been adopted by our members who submit monthly payments to keep their education intact.

In South Africa we again congratulate Cheryl Robinson. For mobilizing more volunteers to help make improvements and monthly volunteer donations to both Sinethemba and Maria's Creche (pre school for disadvantaged children).

In Haiti, AAI's Martine Longchamp continues, under extremely challenging circumstances, to educate and support 22 Haitian orphans in our partnership with her organization "Diakonos International", where we have conducted regular missions. Martine has actually started a Waldorf School at the site.

In Afghanistan, we enlisted a war hero, Saber "Rock" Nasser. Sabers biography can be seen on Utube and has won numerous film awards, including two Emmy's. Saber's AAI Mission to Afghanistan, led the mission to deliver shoes, humanitarian aid and counter human trafficking lessons to schools in Kabul. Saber, a former Professor of English at Kabul University, he served as a native interpreter for the U.S Marines and UN Coalition Forces for 14 years.

In Nepal, Kate Jewell's AAI teams stay at "Happy Shepherd's Cottage" the home for volunteers that we built last year. Kate served with "The Dooley Foundation", a progenitor of Airline Ambassadors in the 1970's. Pan American World Airways' Chief Executive Juan Trippe. Inspired by Tom Dooley and Verne Chaney, recruited flight attendants from 21 airlines to serve with medical personnel for three months throughout South East Asia. Flight attendants received their pay as they volunteered. Airline Ambassadors continues this legacy of serving others as we "Travel to make a Difference".

Human Trafficking Awareness Program

AIRLINE AMBASSADORS continued to be the leading advocate of human trafficking awareness training in the aviation industry. In 2018, AAI provided 33 human trafficking awareness classes to 2,498 front line personnel under behest of the U.S. State Department, airlines, or airport management. These classes include stories from a survivor of human trafficking as well real life cases of flight attendants and others who have identified trafficking. This year the U.S Embassy supported our Jamaica trainings at Kingston, Montego Bay and Ocho Rios and trainings for Air Asia Airlines at their four largest bases in Kuala Lumpur, Manila, Jakarta and Bangkok.

We presented with ICAO in Geneva, IATA in United Arab Emirates and Interpol in Albania and Qatar as Qatar, and Interpol in Albania

Additionally, AAI developed the new TIP Line App 2.0 only available to AAI trainees featuring state of the art anonymous encryption for law enforcement reporting and data collection. Our App has received 1000 "tips" since we launched it in 2015.

In 2018 we provided 33 airport classes to 2,498 front line employees. If each flight attendant, at a minimum, interacts with 500 passengers per week, our classes enabled the effective monitoring of 65 MILLION travelers!

2018 Financial Highlights

The following is a financial summary for fiscal year 2018. Airline Ambassadors non-profit 990 tax return and audited financials are available on our website at: www.airlineamb.org.
