

2022

El Salvador Wheelchair Distribution Final Report.

Introduction

Kiwanis El Salvador del Mundo Club located in El Salvador (Central America) works since the 90's helping people in different matters such as education, housing, food donations, disabilities inclusion, mobility donation tools and more.

Through the help of many donors we could have a recognition in El Salvador of being an NGO who takes action in any request and it's been wonderful knowing we can change people lives and El Salvador society too.

This wheelchair distribution report shows you how Kiwanis El Salvador del Mundo distributed a large donation given by Wheelchair Foundation and Airlines Ambassador support.

This donation was given on November 2021 and since that time Kiwanis has been distributing wheelchairs to many people in a direct contact or through government institutions, civil associations and communities.

Having this huge opportunity of helping people all over the country gave us the chance to change many lives who didn't have until now the access to get a wheelchair or a mobility tool. We also present some of the pictures who were taken to the wheelchairs beneficiaries and some of the large donations we have done.

Distribution Process

As Kiwanis we have a store in where we keep all the received donations and do a tracking of each item to be donated to people in need. In this case, after we received the wheelchairs, walkers and more, we kept them in our store and share the voice in our social media that we can donate wheelchairs to different people in El Salvador.

Ask for donation

The donation requests entered in our database through social media.

Most of the requests where don by mail or direct messages on Facebook

Our team contacted the beneficiary and asked to fill a form to have basic information of the case.

Fill a form

After we received the request, we ask to fill a form to know who will receive the donation.

This form help us to have basic information of the beneficiary.

This form will track who received a wheelchair and also help in the matter of accountability.

Picture

We asked for a picture of the people who needed a wheelchair or other item.

In the picture we can really see if the beneficiary needed the donation.

The picture also helps to see the changes in the lives of the ones who received a donation,

WHEELCHAIR REQUEST FORM TEMPLATE

FORMULARIO DE PROGRAMA DE HERRAMIENTAS DE MOVILIDAD

N. de solicitud: _____
Fecha de presentación: _____

Razón médica por la cual solicita la herramienta de movilidad (por favor detalle):

Firma solicitante: _____.

Alameda Roosevelt, entre 49 y 51 Avenida Sur, Colonia Flor Blanca, No.2613,
San Salvador, El Salvador.

Large donations

As an NGO, we received request of large donations from government institutions, communities, societies and groups who works to have a better country and help people in need.

In this matter, we donated the following:

- 50 wheelchairs, crutches, walkers and walking sticks to FOPROLYD (Protection Fund for people with disabilities as a result of the armed conflict in El Salvador).
- 10 Wheelchairs to Mesa de Unificación del Bien Común (Association who works for the veterans rights in El Salvador).
- 10 wheelchairs to Nuevas Ideas La Unión (group who works with the government helping people in need in La Unión).

Next Steps

Continue bringing the mobility opportunity to many people in El Salvador who needs an implemente to be included in the society and until now they haven't received any support at all. We're being a light hope for people with disabilities and chronic illnesses in our country.

01. Work for a partnership

We've done a follow-up to all the process so we can maintain a partnership with our donors.

02. Strengthen the wheelchair donation program

Receiving wheelchairs from abroad help us to strengthen our wheelchair program and continue helping people in El Salvador.

03. Help people from different ages.

We want to be able to help not just youth and elders, we would like to provide this tool to more children in our society.

Conclusion

We show you the main highlights of this distribution process thanks to your donation.

Highlight 1 We were able to support a large community of veterans with disabilities.

- Wheelchairs
- Crutches
- Walking sticks

Highlight 2 Through community empowerment we were able to attend people all over El Salvador.

- Large donations
- Social media work
- Accountability

Highlight 3 We've help people with chronic illnesses.

- Diabetes
- Renal insufficiency
- Heart insufficiencies.

The experience of work with Wheelchair foundation and Airline Ambassadors has been marvelous. Together we've help a lot of people who didn't had a chance to get a wheelchair due to its cost or access in El Salvador and we know this tool is a life changer tool to everyone who receives it.

Thank you so much for your help!
