# Introduction

We need your support

The Home 4 Hope is a project created from love and a desire to help Ukrainians fleeing Putin's War. AAI's Dr. Kate Jewell went to Poland in March 2022 to help Ukrainians. She met Krzysztof Moll who, immediately after the war began, brought six Ukrainians into his home & took a house he had planned to sell off the market and moved in seven refugees.

Krzysztof didn't stop there. He is now working on renovating the HOME 4 HOPE to bring shelter and comfort for at least 20 people. We plan to have the home completed and filled by winter. Your support is needed to make this happen!

# Something Must Be Done

As this war drags on, more and more Ukrainians need a place to live, to start rebuilding their lives. The Home 4 Hope is in Osweicim, Poland, about 1-1/2 hours from Krakow. At the Home 4 Hope, our residents will receive more than shelter.

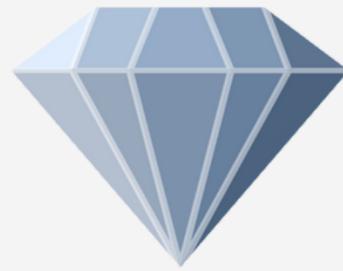

Krzysztof is in contact with all the aid agencies and will connect the refugees to the appropriate places. He will also make sure they have fresh meat, fruits and vegetables to supplement the foods given from the warehouse. Our AAI fund-raising will include operational costs to keep the electricity and water running in the Home 4 Hope.

Krzysztof and his workers are on the job six days a week. AAI's Jose Redondo and Brian ORiley have donated a week of their time performing hard labor and our fourth team is returning in September.

They will help clean the finished apartments, and furnish them to be comfortable and ready to welcome their new Ukrainians residents before the winter cold.
