

# Coffee that changes lives

Clean Water Foundation and Water for Coffee

Left: Image of Clean Water Foundation's founder, Leon McLaughlin with one of the children who now has clean water.  
Right: Leon in background with many children from a village that now has clean water!

# The Mission Behind the Mug

A significant portion of proceeds from coffee sales fund water filtration systems around the world, including Arizona's Hopi and Navajo Reservations where ground water is tainted with arsenic.

- Clean Water Foundation filtration systems remove nearly every chemical and disease from the water.

Image from World Water Day Project in March 2025. Custom water units were delivered to Ernest Taho for the children on the Hopi and Navajo Reservations in Arizona.

# From Farm to Future

- Sourced directly from Colombia, El Salvador, Guatemala, and Hawaii

Image is from a water filtration system installed in a village.

# Your requirements

Our goal is to provide you green coffee that meets your needs. Let us know your specifications on RFA, growing region, grade and estimated volume.

We will secure quotes for you from our reputable partners.

When we deliver the right coffee to you, when the sale is consummated, we will make a significant donation to Clean Water Foundation to provide equipment and filters to help children and families in need of the simple joy of clean water.
